"We could not be happier with our boys' experiences at Rangiruru Preschool. It is not just a place where learning is a joy, it is also a place where all children feel valued, included and supported. When we were thinking about what we desired in a preschool our key priorities were that our children would be cared for, be supported through challenges and have a great deal of fun. In our experience Rangiruru Preschool exceeds expectations on all of those fronts."

J & S Hooson - parents
